## The Governors of Gangstalking

by Richard Lighthouse

Rev 3A - This short ebook describes the leaders of the gangstalking program against Targeted Individuals in the United States. Their names are David J. Glawe and Brian J. Murphy. I was able to track down these two criminals, due to the brave efforts of police whistleblowers. During 2018, there were 3 police whistleblowers that stated the Fusion Centers were being used as Gangstalking control stations. The Intelligence & Analysis Office of DHS provides funding, training, free software, database and contact lists, and some of the key personnel for the Fusion Centers in the United States. I & A Office coordinates between the Fusion Centers and works with the Emergency 911 Call Centers in the United States, to block and redirect the emergency calls of Targeted Individuals. Many Targeted Individuals have experienced what happens when making a 911 emergency call and no ambulance arrives, or police arrive and mock you.

How can you all sleep at night?

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

----

There's absolutely no one I have ever met anywhere across any of of these attempts to communicate for the last ten years of his subjects but I got one response okay so I know somebody's there where are you why don't you come out of the woodwork and we have to acknowledge the truth that knowledge of this is public you have to ignore the truth.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

---( study results - absolutely - the long standing hold of fraud is outrageous to conclude - you all are a bunch of haters involved in the conspiracy other highest order of injury and destruction --"I know is true -- and you all must bring these facts into the public view )

----

## Results

The gangstalking forum served as a site of discursive contest between 2 opposing worldviews. One is that gangstalking is a widespread, insidious, and centrally coordinated system of persecution employing community members, figures of authority, and state actors. This was the dominant discourse in the study corpus. The opposing view is a medicalized discourse supporting gangstalking as a form of mental disorder. Contributors used linguistic practices such as presupposition, nominalization, and the use of specialized jargon to

construct gangstalking as real and external to the individual affected. Although contributors generally rejected the notion that they were affected by mental disorder, in some instances, they did label others in the forum as impacted/affected by mental illness if their accounts if their accounts were deemed to be too extreme or bizarre. Those affected demonstrated a concern with accumulating evidence to prove their position to incredulous others.

## Conclusions

The study found that contributors to the study corpus accomplished a number of tasks. They used linguistic practices to co-construct an internally coherent and systematized persecutory belief system. They advanced a position that gangstalking is real and contested the medicalizing discourse that gangstalking is a form of mental disorder. They supported one another by sharing similar experiences and providing encouragement and advice. Finally, they commiserated over the challenges of proving the existence of gangstalking.

Somebody from an official source ( authority ) is going to be given disclosure of my needs in all aspects of this to conduct [ under only human powered travel ] a stressful promise set of circumstances.

This stress is on my mother ( that should not have to be ) forced to accompany me....

Literally, she being unreliable, i should not have to break my privacy to have to post this publicly.

To place all of you -' to the human reading this - you turn over your king to acknowledge defeat.

C H E C K M A T E !

The email to Timothy Noonan of HHS ---- no response. In that is where I would suggest you refer if you have absolutely no clue to one thing.

However,

My last interface to your all creation of hate,

My effort at giving this some weight of possible impartial review is when I was in my covid-19 vaccine 2nd dose scheduled - a questionnaire direct relevance -- the public agency staff disoriented dysfunctional only serves to know the communications does not make any sense.

Once again, this is here in public.

Therefore I am escalating this to text demands.

You ( United States of America ) are going to have somebody know this is going on as described against me.

It's not going to be silent when I die.

The reason why I died is put plain here.

There is not a single one of you in the community of the civil society that will talk about this issue.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

So I can have proper doctor care.

So me and my mother are leaving under a human-powered traveling walk to get the help of somebody off of the street.

Somebody somewhere off the street because nobody is responding to anything and everything I do online.

because

Perhaps Perhaps Perhaps the interference of the technology itself..

I get no address for anything I post.

So go on in silence

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

I'm going to walk the streets with my mother from San Bernardino to the address of something I have a destination for.

Along the way, to get some messages of impact to anyone that comes up to us -

From:

Home of  
The Driskill Family  
3260 Grande Vista  
San Bernardino CA  
92405. -  
909-882-8759

My demands are very simple.

Somebody ( with authority ) call my mother and apologize to her.

You all apologize for this entire setup.

Then also promise to her that I will not be left out of my ability to connect balanced with honesty both ways to have a proper health care.

that

I am given, by way of your secured promise to her, you all won't let me die.

We together human powered - I will not walk alone one step.

I will not walk alone one step to my destination. Not one step alone.

@NIH

I don't care what you think, this is a promise.

If not one person is with me to walk at 11 a.m. on Wednesday June 2nd 2021 --- to then be someone to replace that person with another person along my route for my ability to continue to travel forward not alone.

If this fails,

There is going to be an international incident.

My mother has told me she'll go with me to walk to about 60 miles.

She's 80 years old. She should not be in this position that forcing this to her and I'm forcing it to you to connect to me properly.

That if she doesn't come with me or she pushing me to find somebody else, I will never ever ever ever ever ever come back to this house.

I'll never ever ever ever ever ever see her again.

Nor will I communicate with her again.

As cruel as that is to my mother, it's not as cruel as it is to me.

I know exactly what's going on.

To catch this - human reading - you are not some innocent thing.

You're experiencing these words and know exactly what is going on.

You know exactly what is going on.

You have the clue to know that this message is going to get deleted and care for these words are way diminished.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

But I will have a copy of these words.

If you are confuse to think this does not apply to you, you have direct obligation to see an inquiry to HHS and Timothy Noonan.

I don't care who you are. You don't have the right to do this to me for all this time.

Therefore my mom had not the clue to balance herself accordingly.

Let's go with the fact that I'm leaving at 11 a.m.

With or without my mother.

You're going to have a notice on prior to the day here on Facebook.

At least so should you.

I'm calling your office tomorrow..

You are going to know that this is the rules to follow orders..

Here declared, there are no bull shit exceptions.

Absolutely no time, not a single minute passes over to an exception of an excuse.

As though the person reading this is completely apart of this process - fresh.

I absolutely do not have the effort or patience to even explain that you do not break or offend this interface.

You know exactly what I'm talking about forcing you out into the light.

Absolute Deadline:

June 2nd 2021 : 11am

I've had to yell at my mother and had to yell so bad all of these past couple of years bring out to all of the world and yell at the highest level I can yell this is not acceptable.

Because I tried it so much tried it without yelling without yelling and getting nowhere. You only know where I've been back July of 2017.

All of this time of waste because this particular problem affects family dynamics relationships.

I've got a little bit of road here in there by saying that my to my mother yelling to my mother over and over and over several times over and over and over and over and over that I'm going to never see her again never see her again never see her again.

That is your fault not mine.

The methodology to kick her out of her view. Finally I think finally.

Only only only within the last 8 hours ago. You would think that's good? That I can rely on that? No, of course not.

She said she's going to go but she's frail that she shouldn't have to do that.

That's your insult and fault of responsibility on this.

I'm going to do this and I guarantee you if I don't have a proper address from this government on this issue, I will never see my mother.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

It's been so long so long so long that I've actually had my real mother involved in my real life.

Something is so seriously wrong here.

So seriously wrong here.

It's not a delusion or paranoid or anything of my fault, not my fault not my fault not my fault.

You can relay the fact you have to apologize upon this with a formal apology has to apply.

That it is not my fault .

That she has this awareness across all of this.

This is your fault not mine .

To allow Dr..Joe Pierre to double down on my challenge to him to change the article in Psychology today.

He didn't change the article and so you're all continuing as though it's okay to continue this conspiracy.

No fucking way you are allowed to continue this conspiracy.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

No matter what is your needs to hold this conspiracy secret, you do not have the right to hide these activities to secretly divide this country.

I beg you to see that you're breaking his family because this is permanent.

I guarantee you this is permanent.

I will never see my mother ever again.

I am going to walk this route and task until there is an apology given to my mother and a promise that these circumstances are community affairs will not allow me to die.

So simple is pathetic.

So simple that damn condemns the past and demands a new functional future of new horizons.

It's too pathetic to pathetic of this government to not allow my demands for work and to discuss the future forever outcomes.

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

To make this conspiracy a part of what is made specifically illegal.

To never ever be able to be re-established this killing scheme ever again.

I'm talking about severe severe punishments for actors involved.

Present a methodology of permanence to terminate this fucked up reality.

I know the truth the whole truth and nothing but the truth and that's all I will testify in court if I make it that far.

You have pigged up the land, you have pigged up the parks, you have pigged up our families to not be open and available ...

Why the silence? Hate Sympathizing Fucked Up Human Piggies!

Worst,

You have pigged up even all hours After Dark.

All of civil society is pigged up to be something of a Marvel Marvel massive miraculous Marvel.

In 2007, I define this as a massive mischievous marvel of molding muck.

I have before you a full account of my experiences from June of 2005 onto my Internet domain life life journal space that is still actively day today today today journalizing like hundreds of thousands of words to this attempt since I got back here to San Bernardino from Denver. In July of 2017.

A 10-year period of the exact same model of human invention that has corrupted our culture or Society. Has corrupted any kind of rational reasoning except that you are pigging the nation to full and complete collapse.

On the news today on Fox news they were discussing how they are still having the energy form from the

I never read the whole book from taking the whole set of quotes off of this page I don't want to interfere with your ability to know this is exactly who you are this is exactly the philosophy you deposed and I don't care who you are this is not natural unnatural way. The fact that you can't hold a society in this model that you have been bestowed upon you can't hold us deciding this so it collapses and everybody dies everybody dies in the classes to nothingness everybody is dust unless you just at the very nice point of time capturing the moment when you can actually take over the government but to trust is so lost the trust is the Lost everybody most likely there is not enough time to recover to recover and say complete 100% of every single human being I've ever Tire review there is no such thing as this model -- it is fiction.. the man made a lot of money on royalties to this book is not anything's stable -- it is complete fiction..

The Satanic Bible by Anton Szandor LaVey

The Satanic Bible

by Anton Szandor LaVey

Want to Read

Love is one of the most intense feelings felt by man; another is hate. Forcing yourself to feel indiscriminate love is very unnatural. If you try to love everyone you only lessen your feelings for those who deserve your love. Repressed hatred can lead to many physical and emotional ailments. By learning to release your hatred towards those who deserve it, you cleanse yourself of these malignant emotions and need not take your pent-up hatred out on your loved ones.

Why should I not hate mine enemies—if I "love" them does that not place me at their mercy?

When a Satanist commits a wrong, he realizes that is it natural to make a mistake—and if he is truly sorry about what he has done, he will learn from it and take care not to do the same thing again. If he is not honestly sorry about what he has done, and knows he will do the same thing over and over, he has no business confessing and asking forgiveness in the first place.

Satanism advocates practicing a modified form of the Golden Rule. Our interpretation of this rule is: "Do unto others as they do unto you"; because if you "Do unto others as you would have them do unto you," and they, in turn, treat you badly, it goes against human nature to continue to treat them with consideration. You should do unto others as you would have them do unto you, but if your courtesy is not returned, they should be treated with the wrath they deserve.

The person who takes every opportunity to "pick on" others is often mistakenly called "sadistic". In reality, this person is a misdirected masochist who is working towards his own destruction. The reason a person viciously strikes out against you is because they are afraid of you or what you represent, or are resentful of your happiness. They are weak, insecure, and on extremely shaky ground when you throw your curse, and they make ideal human sacrifices.

On Saturday night, I would see men lusting after half-naked girls dancing at the carnival, and on Sunday morning when I was playing organ for tent-show evangelists at the other end of the carnival lot, I would see these same men sitting in the pews with their wives and children, asking God to forgive them and purge them of carnal desires. And the next Saturday they'd be back at the carnival or some other place of indulgence. I knew then that the Christian church thrives on hypocrisy, and that man's carnal nature will out no matter how much it is purged or scoured by any white-light religion.

Some religions actually go so far as to label anyone who belongs to a religious sect other than their own a heretic, even though the overall doctrines and impressions of godliness are nearly the same. For example: The Catholics believe the Protestants are doomed to Hell simply because they do not belong to the Catholic Church. In the same way, many splinter groups of the Christian faith, such as the evangelical or revivalist churches, believe the Catholics worship graven images. (Christ is depicted in the image that is most physiologically akin to the individual worshipping him, and yet the Christians criticize "heathens" for the worship of graven images.) And the Jews have always been given the Devil's name.

The other exception to the rule regards dealings with masochists. A masochist derives pleasure from being hurt; so denying the masochist his pleasure through-pain hurts him just as much as actual physical pain hurts the non masochist. The story of the truly cruel sadist illustrates this point: The masochist says to the sadist, "beat me." To which the merciless sadist replies, "NO!" If a person wants to be hurt and enjoys suffering, then there is no reason not to indulge him in his wont.

Even with all their threats of eternal damnation and soul roasting, Christian missionaries have run across some who were not so quick to swallow their drivel. Pleasure and pain, like beauty, are in the eye of the beholder. So, when missionaries ventured to Alaska and warned the Eskimos of the horrors of Hell and the blazing lake of fire awaiting transgressors, they eagerly asked: "How do we get there?!"
